TRUCKVAULT INC. AN AMERICAN SUCCESS STORY

TruckVault? "Just another American success story? We think so; maybe not as dramatic as some, but a success as far as we at TruckVault are concerned. Why? Because we have done right by our customers.

And now a new era begins with TruckVault expanding its manufacturing and sales opportunities by adding a brand-new facility in Virginia. Along with East Coast and West Coast locations comes what we think is the most exciting news: **FREE SHIPPING*** anywhere in the contiguous States.

Just order any TruckVault Secure Storage System, and it is on its way! The same great TruckVault quality and lifetime warranty. TruckVault will continue its tradition of customization. Bring your ideas, and we will build to order.

You can expect more from TruckVault, and you will not be disappointed. We have made many friends over our 25 years of serving sportsmen and law enforcement, we plan to make many more.

Thank you,

Alan Chandler
CEO - AL CHANDLER

“ALONG WITH EAST COAST AND WEST COAST LOCATIONS COMES WHAT WE THINK IS THE MOST EXCITING NEWS: **FREE SHIPPING!**”

SECURITY : IT'S OUR #1 PRIORITY

At TruckVault, we take pride in providing our customers with the peace of mind that comes from knowing their valuable gear is secure, no matter where they may leave their vehicle.

PUSH-BUTTON WITH KEY OVERRIDE LOCK

The most secure and trusted lock among law enforcement agencies.

ALL-WEATHER COMPRESSION LOCK

Heavy-duty key lock used in conjunction with All-Weather Series TruckVault Secure Storage Systems.

CUSTOM... IT'S WHAT WE DO

CUSTOM DRAWER SIZING

TruckVault can customize the size, number, and orientation of the drawers of your TruckVault Secure Storage System to create virtually any configuration.

CUSTOM BED CONFIGURATIONS

If you have tanks, tool boxes, gooseneck hitches or any other equipment in the truck bed, just provide us with the detailed measurements, and we can customize an item to fit.

MULTI-STACKED DRAWERS

Sometimes the best direction to go is up. When space is limited, or equipment is at a maximum, we can stack drawers to maximize secure storage.

DRAWER FACE FINISHES

You can even customize the look and feel of your TruckVault Secure Storage System with optional accessory drawer faces in a wide range of high-end wood grain finishes.

OFFERING ONE MORE LINE OF DEFENSE

In today's firearm sensitive culture it is paramount that weaponry and other valuables be secured responsibly. Strike Guard Technology™ has been added to reinforce the Push Button Key Override Kaba Lock with a flanged lip, consisting of a Strike Plate and Backer Plate constructed of AISI 1020 Galvanized Steel. The Strike Plate works in unison with the Backer Plate and the primary structure of the unit to firmly lock the bolt and help prevent bolt tampering and movement.

STRIKE PLATE

Works in unison with the Backer Plate to help prevent bolt tampering and movement

BACKER PLATE

Works in unison with the Strike Plate to help prevent bolt tampering and movement

LOADED AND LOCKED

In the early years, pickups were the mainstay of business for TruckVault. This remained the case for some time, until a tradeshow customer suggested that we make products for SUVs. From there, our Public Safety business took off, and the rest, as they say, is history. Now our popular and diverse line of SUV products for Tahoes, Explorers and all mid-sized SUVs are among our top sellers.

SUV SERIES // LIFT SYSTEM

SPARE TIRE ACCESS

Maintaining access to your spare tire is an important factor in finding secure storage that works for you. To achieve this, we've designed a method for maintaining access in your pursuit SUV. The Spare Access Lift System allows for a full-size TruckVault Secure Storage System to be raised on a reinforced hydraulic lift to gain access to your spare tire.

▶ VIEW PRODUCT OPTIONS AND UPGRADES ON PAGES 49-50

▶ ALL PRODUCTS CAN BE CUSTOMIZED. SEE PAGE 7

STEP ONE

Hand-loosen the two star knobs located on both sides of the TruckVault Secure Storage System.

STEP TWO

Firmly grasp the handles on the drawer face and slide the unit out to its fully extended position. Hand-tighten the outside safety locks from step one.

STEP THREE

Using the handles, lift the unit upward. The built-in air assist cylinders will help offset the weight.

***1 DRAWER MAGNUM ON LIFT SYSTEM SUV - Elevated Line**
starting at \$2690 USD

*Only the 2011+ Ford Explorer can accept the Lift System.

SUV SERIES // ELEVATED LINE

ELEVATE YOUR SECURITY

Our new Elevated models mount one of our industry-leading TruckVault Secure Storage Systems atop rugged, powder-coated, steel brackets to allow easy access to the spare tire in certain models of SUVs. The brackets are affixed directly to factory locations on the vehicle for a secure and sturdy install. The new elevated design also allows for storage of items that do not need to be secured under the drawer system.

PRODUCT HIGHLIGHTS

- Open space for unsecured items.
- Easy spare tire access.
- Available with a variety of drawer heights and lock options.

Pricing starting at

\$1395

VIEW PRODUCT OPTIONS AND UPGRADES ON PAGES 49-50

ALL PRODUCTS CAN BE CUSTOMIZED. SEE PAGE 7

QUICK ACCESS TO YOUR SPARE

Flip up the factory floor panel, or the included replacement panel on some models, to gain direct access to the spare.

RUGGED BRACKETS

Steel brackets secure directly to factory locations for a secure and tough install.

MAXIMIZE STORAGE

Preserves space underneath to store items that do not need to be secured.

WHY A COMMAND CENTER?

When you need mobile office space in the field, the TruckVault Command Center Line creates an entire working space in your department's full-sized SUV. Organized secure storage, map board, and equipment drawers reside in the back, while file cabinets and desk space are accessed at the middle of the vehicle, creating the ultimate in-field office solution.

PROTECT AGAINST WATER & GRIT

Through frigid Montana winters and blistering Texas summers, your gear is protected to the fullest. We've even taken fire hoses to the front of our TruckVault Secure Storage Systems—that's more than 100 pounds of direct water pressure—and not a drop got inside. When put to the test, TruckVault Pickup Series All-Weather products perform every time.

SECURE YOUR GEAR

Sedan Series products have emerged from the core ideals of TruckVault’s focus on security and protection. Generally constructed as single drawer units, these workhorses of the law enforcement community are geared to serve all your weapon or valuable secure storage needs while maximizing space that normally would go unused in your trunk. Models with room for radio equipment and other sensitive electronics are also available. Custom units can be designed for your trunk as well.

WHY BUY TRUCKVAULT?

- 01

HEAVY-DUTY PUSH BUTTON LOCKS.

Five-button combination locks with key override for easy access provide premium protection and security.
- 02

PREVENTS HARMFUL MOISTURE

Drawers stop potentially damaging condensation brought on by the earth's elements.
- 03

PROTECTS FROM DUST AND DIRT

TruckVault Secure Storage Systems protect from dust, dirt and grit with tightly sealed drawers.
- 04

STRONGER AND LIGHTER

Constructed with extremely tough MDO, TruckVault Secure Storage Systems are stronger than metal or plastic and travel silently.
- 05

PROVEN FIRE RESISTANCE

TruckVault Secure Storage Systems insulate stowed equipment from heat and fire damage.
- 06

PROTECTION FROM THEFT & BREAK-INS

Each drawer system is engineered to resist break-ins, and low-profile models resemble the floor of your vehicle.
- 07

A FIT FOR VIRTUALLY ANY VEHICLE

TruckVault Secure Storage Systems are built to fit the vehicle they are ordered for, ensuring a perfect fit and finish every time.
- 08

SIMPLE INSTALLATION

Nearly every model of TruckVault Secure Storage System can be installed in under an hour and usually includes all hardware you'll need for the job.
- 09

CUSTOM CAPABILITIES

TruckVault's team frequently engineers custom solutions to meet individual customer needs.
- 10

LIFETIME CUSTOMER WARRANTY

Trouble-free operation guaranteed as long as you own your vehicle. Warranty may be transferred (original purchaser only) to new vehicle. Locks have a one-year limited warranty from the lock manufacturer.

MEDIUM DENSITY OVERLAY (MDO)

FEATURES

MDO is a wood substrate formed from weather-resistant resin overlays bonded to multiple layers of wood by heat and pressure. This process creates an extremely strong and durable material that is up to 40% stronger than other plywood products. Trusted in numerous industries, including home construction and concrete formwork, MDO is the perfect material to create a strong, secure, and customizable product.

BENEFITS

As one of the strongest wood materials on the market, MDO is highly dependable for security products. You'll feel the strength the moment you open the drawer. MDO also provides heat, moisture and humidity protection superior to metal enclosures. When you combine these benefits with the ability to completely customize products to a wide range of designs, you have the very best secure storage solution for vehicles on the market.

QUALITY PRODUCTS ARE MADE WITH THE BEST MATERIALS AND CRAFTSMANSHIP. TRUCKVAULT HAS FOUND THE PERFECT ONE-TWO PUNCH.

BLACK COMPOSITE

The default drawer front on every drawer system is Black Composite. This material provides a dense and consistent surface with extremely tight tolerances around the drawer face to ensure maximum security. High-grade wood grain drawer fronts are also available for those seeking a classic look.

CARPET

TruckVault Secure Storage Systems most commonly come completely carpeted inside and out with automotive-grade carpet. Color-matched to industry standards, the carpet blends the drawer system seamlessly with your vehicle's factory interior.

ALL-WEATHER COATING

Weatherproof Armour Coating comes standard with each Pickup Series All-Weather Line TruckVault Secure Storage System. The coating is sprayed on after the drawer system build is completed, ensuring supreme protection from harmful heat, fire, grit and moisture.

ADDITIONAL PRODUCTS & ACCESSORIES

CARGOGLIDE

With a CargoGlide, you can access the very deepest portion of your pickup bed without having to crawl on your hands and knees every time you need your unsecured gear. Stop scuffing your knees and straining your back. Install a CargoGlide today!

- Aluminum frames with standard TuffDeck™ surface
- 100% extension, optional 70% extension
- 4.5" side rails with tie-down access
- Stock and custom sizes
- 600-pound to 2,500-pound capacity
- All units tested to 50% overstated capacity for user safety
- Sixteen liner bearings per CargoGlide
- Designed, engineered, and built in USA

CARGOGLIDE
starting at \$1165 USD

HEAVY-DUTY PULL OUT TABLE

An additional work surface you can depend on! Perfect for the operator who needs to work right in the field. Locking heavy-duty slides can support up to 200 pounds, and the standard laminated surface will stand up to the rigors of field work. Available in both bottom table and top table open tray versions, and carpeted or magnetic dry-erase surfaces.

- Bottom table and open top tray versions
- 200-pound capacity
- Locking heavy-duty slides
- Offered in standard laminated surface with available options of carpeted or magnetic dry erase working surface

**HEAVY-DUTY
PULL OUT TABLE**
MSRP \$700 USD

IN-DRAWER LIGHTING

New and improved in-drawer LED lighting provides 16–20 hours (battery dependent) of white or red light to help illuminate the interior of your drawers. Mount to the interior carpet of your drawer unit using the provided 3M Velcro strips or use the mounting bracket and corresponding screws for a more permanent fixture. Available for \$35 retail by calling today.

IN-DRAWER LIGHTS
MSRP \$35 USD

CARGO SAFETY BARRIERS

Designed to work exclusively with TruckVault Secure Storage Systems, the TruckVault Safety/Pet/Cargo Barriers work well in both Magnum and Standard SUV applications.

Vehicle Compatibility:

2007+ Chevrolet Tahoe & Suburban // 2007+ GMC Yukon/Yukon XL
2007+ Cadillac Escalade/Escalade ESV // 2011+ Mercury Mariner
2011+ Ford Explorer Civilian /PPV // Is your Vehicle not listed? Custom options are available. Call for a quote today! 800.967.8107

DRAWER WEIGHT TEST

How much weight can I put in my TruckVault Secure Storage System, you ask? The easy answer is, more than you can physically pull out! We advise customers that they can pack as much as 200 pounds into each drawer and things will function normally. But to really put our product to the test, we filled two Standard Drawers with 13 cases of shotgun shells and four sporting shotguns—a total of 379 pounds! Fearing this would be too much, we were surprised to find that the weight still didn't come close to reaching the drawers' full capacity. As a result, we're confident each drawer could handle 300 pounds.

TEST RESULTS:
As long as you can pull out and push in the drawers, they can handle more!

300
POUNDS of
GEAR PER
DRAWER

13	CASES OF SHOTGUN SHELLS	351 lbs.
04	SHOOTING SPORT SHOTGUNS	28 lbs.
02	STANDARD HEIGHT DRAWERS	6 1/8"

28%
MORE
HEAT
RESIS-
TANT

After two hours in a test oven heated to 150° F, each TruckVault remained roughly 28% cooler than the leading metal competitor.

MINUTES TO 120°

Which products hit the 120 degree mark the fastest? Here are their times...

Test products in the controlled oven

Temperature gauges being prepped for test

DRAWER HEAT TEST

Can TruckVault Secure Storage Systems take the heat? We tracked down a truck-sized oven to find out. Our goal was to simulate punishing desert heat inside a vehicle at midday—150° Fahrenheit. The result? TruckVault products provided superior insulation and protection across the board, making them a superior choice to competing steel or plastic products for protecting sensitive electronics, plastics, food, ammunition and another heat-sensitive cargo.

WARRANTY DETAILS

ALL-WEATHER LINE arrives with a three-year warranty. TruckVault warrants you, the original storage system purchaser, that for a period of three years from when you receive your All-Weather Line TruckVault Secure Storage System, so long as it is installed properly and utilized in the manner of its intent, it will be free from defects resulting from inferior materials and/or workmanship. Drawer locks are covered independently by the lock manufacture's warranty.

TruckVault warrants to the original purchaser that it will, at its option, either repair without charge only the items listed in this warranty, or replace the original drawer system with a drawer system of equal value or model, based on current models availability. This warranty specifically excludes damage due to accidents, misuse, alterations, improper installation, or lack of proper care and maintenance as listed in this warranty.

YOUR TRUCKVAULT SECURE STORAGE SYSTEM comes with a limited lifetime warranty (excluding All-Weather Line models). TruckVault warrants you, the original product purchaser, that for as long as you own your drawer system, so long as it is installed properly and utilized in the manner of its intent, it will be free from defects resulting from inferior materials and/or workmanship.

TRUCKVAULT WARRANTS to the original purchaser that it will, at its option, either repair without charge only the items listed in this warranty or replace the original TruckVault Secure Storage System with a drawer system of equal value or model, based on current model availability. This warranty specifically excludes damage due to accidents, misuse, alterations, improper installation, or lack of proper care and maintenance as listed in this warranty.

ALL REPAIRS shall be performed by TruckVault or any authorized TruckVault distributorship only upon receipt of permission from the TruckVault Service Manager at TruckVault Headquarters. TruckVault does not authorize any person to create on its behalf any obligation with respect to the drawer system except as provided in this limited lifetime warranty.

WARRANTY GUIDELINES

- 01 //

This warranty does not apply to other accessories or equipment installed by anyone.
- 02 //

This warranty does not apply to damage due to accidents, misuse, off-road driving, alterations, acid rain, airborne fallout (chemical, tree sap, etc.), salt, road hazards, hail, windstorms, floods and other natural disasters, lack of proper care, and maintenance or normal wear and tear. Minor abrasion of paint on truck beds and elsewhere where the TruckVault contacts the truck is considered normal wear and tear.
- 03 //

This warranty does not apply to an improperly installed TruckVault Secure Storage System.
- 04 //

This warranty does not apply to damage resulting from using any drawer system without cover (unless All-Weather build) or without being enclosed in vehicle.
- 05 //

Drawer locks are covered independently by the lock manufacturer's warranty. Locks are warranted for one year by the lock manufacturer.

NEW MID-ATLANTIC FACILITY

For 22 years, TruckVault has operated strictly on the West Coast in the great state of Washington, but with the growth of our business, we could not ignore the demand for a facility East. We are excited to provide our eastern customers the same benefits their western counterparts have enjoyed for years: quicker delivery times, on-site installations, showroom demos, tours upon request and much more.

TruckVault is now within a four-hour drive from major city hubs in the Shenandoah Valley and along the I-81 corridor, including Philadelphia, Washington DC, Baltimore, Harrisburg, Pittsburgh, Richmond, Norfolk, Greensboro and Raleigh.
