WHAT MAKES TUFFY A SUPERIOR PRODUCT?

HIGHER SECURITY PUSH-LOCK LATCHING SYSTEM

PATENTED ANTI-TWIST PUSH BUTTON DESIGN

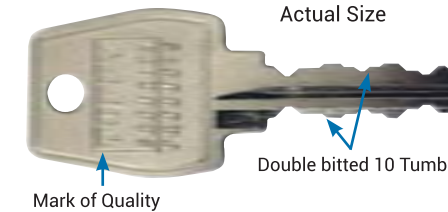

Patented Anti-twist lock design. If a product is locked, the push-button can still be pushed without de-activating the latch. Tuffy's anti-twist feature overcomes a major vulnerability of typical push button locks while keeping it convenient to use. Patent number 6564602.

PATENTED LATCH MECHANISM

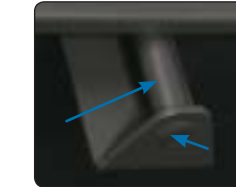

This allows the box to latch shut without being locked. The patented Heavy duty latch mechanism features 1/4" thick and 1/8" thick metal components. It offers tremendous strength compared to other latches constructed with thinner gauge components or weak hook catches. Patent number 7140649.

TUFFY'S NEW HIGH SECURITY KEY

Tuffy's pick resistant lock offers security similar to the vehicles original ignition key. Other products using tubular keys can be broken into by simply punching out the center pin. Products with inexpensive, 5 tumbler, single bitted flat keys are easily picked.

TWO POINT WELDED STRIKER

The Steel Striker is welded with a 2 point 1/2" solid steel pin. Other manufacturers cut corners and compromise security by fastening the striker with weak hardware and only connecting the pin on one side.

HIGHER SECURITY CAM-LOCK SYSTEM

SUPERIOR ENGINEERING FOR ADDED SECURITY (PATENT RIGHTS RESERVED)

Cam-lock security is provided by a dead bolt hooking effect which eliminates the force applied to the actual cam-lock components. Others try to imitate with a look alike, but only Tuffy's exclusive Pry-Guard system incorporates all the critical components.

Featuring a high security Cam-lock with a 10 Tumbler Double Bitted Key. Incorporating a large mounting shaft for increased strength.

HEAVIER DUTY DESIGN TO LAST A LIFETIME

HINGE DESIGN

Custom steel hinges are welded or bolted, not riveted, with Stainless Steel and 16 gauge Carbon Steel components. Featuring special Pin-Lock security.

WEATHER PROTECTION

Protection includes a specially formed and welded lid design incorporating neoprene weather seal, lock dust cover, and internal "O" ring protection. In addition Tuffy products are powder coated, a process superior in every way to wet paint.

LID EDGES

Lid Edges are double thickness creating a 1/8" thick steel rim offering extra strength during a break-in attempt.

INCREASED WELD STRENGTH

Exclusive Weld-Lock Design featuring TIG & MIG welds make Tuffy's construction stronger than other products that only use MIG welds, cheap spot welds, or weak rivets.

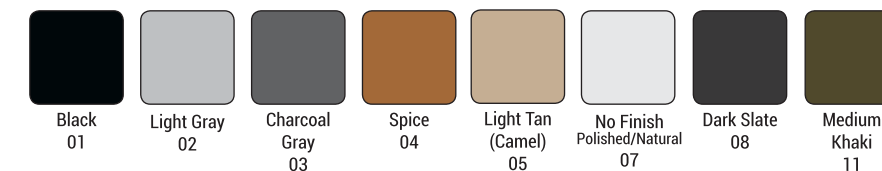

TUFFY CONVENIENCE FEATURES AND DURABLE COATINGS

CONVENIENT FEATURES AND ACCESSORIES

Interior and exterior storage trays, extra locks to key alike, large 3 1/2" diameter drink holders lined with neoprene fingers for a snug fit, interior lights, and finger pull levers are just a few of the little things that add value and convenience to make Tuffy products the only choice.

DURABLE TEXTURED POWDER COAT FINISHES AVAILABLE

SUPERIOR DESIGN AND MANUFACTURING FROM TUFFY

MANUFACTURED AND DESIGNED IN THE USA

Tuffy products are manufactured by American employees at Tuffy's state-of-the-art facility located in Cortez, Colorado. This gives Tuffy the ability to closely monitor the production process, ensuring the customer always gets the best product on the market. This strict adherence to the highest quality standards enables Tuffy to back their products with an outstanding warranty, unsurpassed in the industry.

Tuffy's product designs are engineered and extensively field tested at Tuffy's facility by skilled developers with years of experience. Other "knock off" manufacturers skip the design process by stealing ideas from other companies, cheapen the product, and manufacture outside the US to maximize profit.

Cortez is nestled on the edge of the San Juan Mountains and the slick rock desert. Along with its local gems, Cortez has arguably the best trails in the world located within a 2 hour radius. (Moab, Telluride, Farmington, etc.) This location allows Tuffy employees to field test prototypes, constantly improve existing products through real world use, and develop new useful and unique products through a combination of personal use and collaboration with customers out on the trails.

TOYOTA TACOMA BED SECURITY BOX

This 16 gauge steel security box replaces the plastic factory storage unit located in the Toyota Tacoma truck bed. The innovative design of the Tuffy replacement lockbox has 710 cubic inches of lockable storage which is over double what the original factory model has. It features Tuffy's exclusive Pry-Guard Locking System with a 10 tumbler double bitted security lock with built in weather seals. The design incorporates a continuous steel hinge, weather seal, welded construction, and a durable powder coated finish. This heavy duty lockbox bolts to the factory holes in the Toyota Tacoma truck bed without any drilling. Mounts standard on the left side of the Toyota Tacoma bed but can also be mounted on the right side on models that did not come equipped with the optional power outlet.

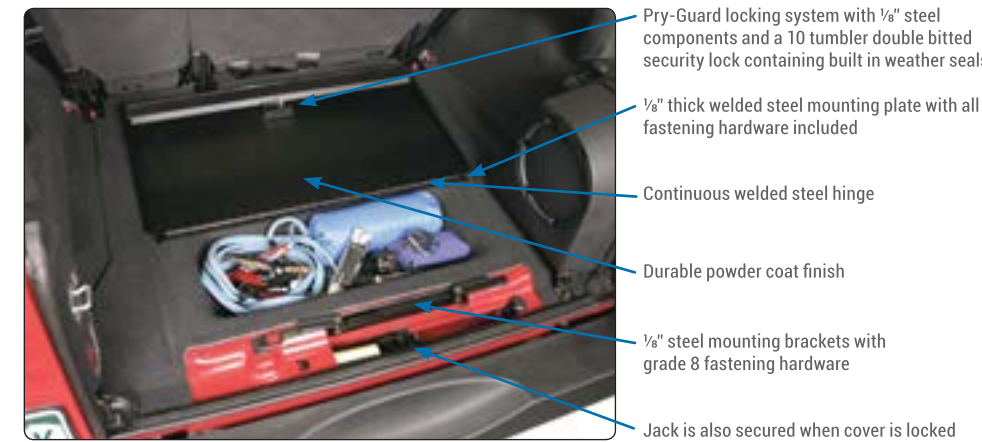

Part #161: Colors: Black - 01
Exterior Dimensions: 17 3/8"W x 13 1/2"H x 7 1/2"D
Interior Dimensions: Top angled section clearance is 4 1/8"H x 14 3/8"W x approx. 8"D, bottom vertical section clearance is 4 3/4"D x 14 3/8"W x approx. 6 3/4"H
Mounting: No drilling, mounts to original factory holes with OEM hardware.
Optional Accessories: 090 Finger Pull Lever | 091 Lock Dust Cover

FITS:
 Toyota Tacoma 2005 - Current
(mounts on the left side of the bed standard, can also be mounted on the right side on the models not equipped with the optional power outlet)

JK LOCKING CUBBY COVER

This heavy duty locking cubby cover replaces the existing flimsy cover from the factory. Constructed from 16 gauge and 1/8" thick welded steel. It creates secure storage in the hidden floor compartment which is ideal for securing valuable tools and gear. The unique design features our Pry-Guard locking system with 1/8" thick steel components and a welded continuous steel hinge. The lid also provides a sturdier and more durable deck surface for items placed on top.

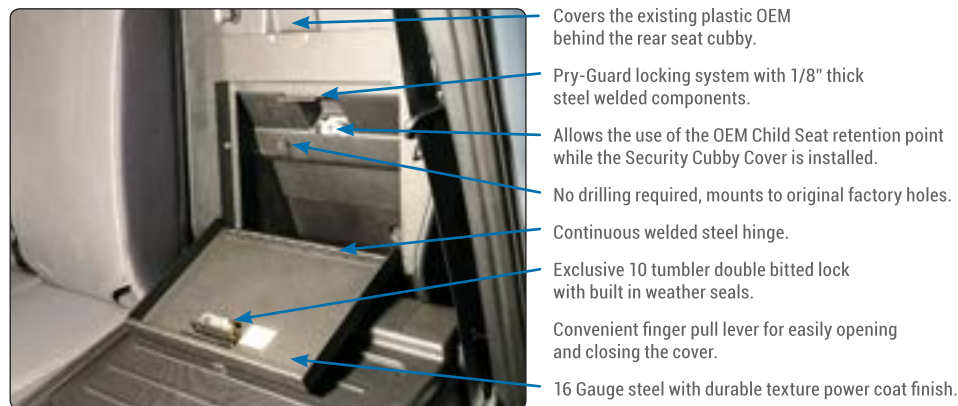

Part #143: Color: Black - 01
Exterior Dimensions: Approximately the same size as OEM cover
Interior Dimensions: Same amount of storage as OEM
Mounting: No drilling required, mounts to original factory holes. Will work in conjunction with Security Drawer #140.
Optional Accessories: 090 Interior Light | 091 Lock Dust Cover

FITS:
 Jeep Wrangler JK '07 - Current 2 & 4-Door

TOYOTA TACOMA SECURITY CUBBY COVER

This heavy duty locking security cubby cover covers the existing plastic OEM behind the rear seat cubby. Constructed from 16 gauge and 1/8" thick welded steel, it creates a secure storage area behind the Double Cab's rear seat, which is ideal for securing valuable tools and gear. The unique design features our Pry-Guard locking system with 1/8" thick steel components and a welded continuous steel hinge. The cover is easy to install using standard hand tools in just a few minutes. The cover allows the use of the OEM Child Seat retention point while the Security Cubby Cover is installed. A filler plate is provided for those individuals who do not choose to take advantage of this OEM feature.

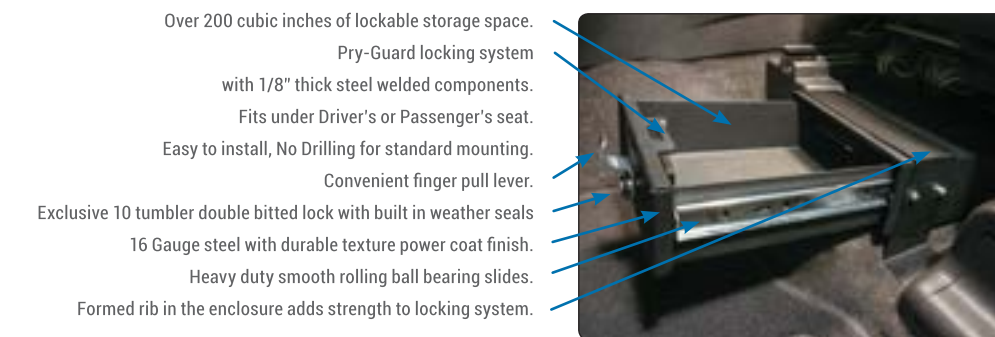

Part #331: Color: Black - 01
Lid Dimensions: 13.25"w x 9.5"h
Mounting: No drilling required, mounts to original factory holes.
Optional Accessories: 082 Combination 3-Digit Camlock

FITS:
 2005-Current Toyota Tacoma Double Cab.
(Does NOT fit Access or Regular Cabs)

JK 2011+ SECURITY REAR CONSOLE

This 16 gauge steel rear half console provides 75% more secure storage than the plastic factory console. A special bracket is included for mounting a stereo, CB or other electronic equipment inside the lockable console. Inside the storage area there is a handy removable utility tray. Tuffy's 1/4" thick patented Pry-Guard II latching system secures the lid shut while a gas strut supports the lid when open.

The 2011+ JK Rear Half Console is used in conjunction with the front half of the factory console. It includes rear drink holders, but does not replace the original factory front cup holders. The console is taller than the OEM model and features a more comfortable full length padded armrest.

The console is designed to work in vehicles equipped with and without the rear power window switches. Each console accommodates all factory options such as the 12V power supply, 115V plug, and USB port. A divider is also included to gain more storage if the electronics bracket is not used.

Part #274: Colors: Black - 01

Exterior Dimensions: 33"L x 8 1/4"W (top), 10 1/8"W (bottom) x 19 1/4"H (including armrest)

Interior Dimensions: 11"L x 7 1/2"W x 12 1/2"H

Electronics Compartment: Comes pre-cut for DIN Mount stereo 7 1/4" x 2 3/16". Max depth behind face plate is 7 7/8", Max clearance on top of face plate is 2 3/8". Equipment is mounted at 90°.

Mounting: OEM factory console is removed and the rear is replaced by the Tuffy Console. Mounts to the existing holes without drilling. Additional hardware is provided for optional added security which does not require drilling new holes. Front OEM shifter console with drink holders is still used with Tuffy console.

Optional Accessories: 150 Stereo Dash Tray | 151 Stereo Dash Cover | 870 Auto on/off Light

FITS:

Jeep Wrangler JK '11 - Current 2 & 4-Door
(Replaces the rear half of the OEM factory console with or without power window switches and with automatic or manual transmission)

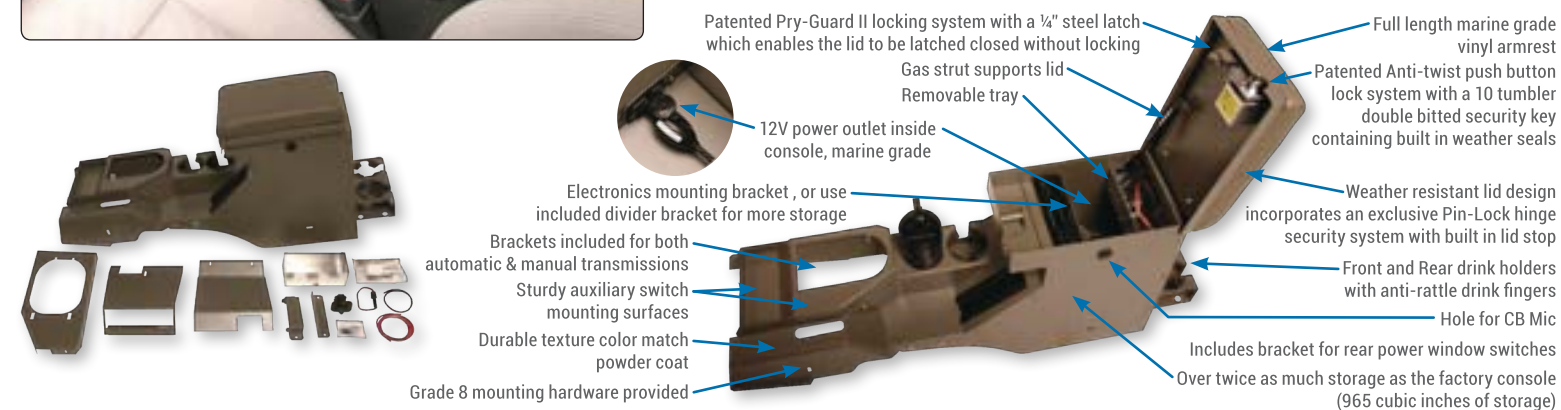

JK '07-'10 SECURITY FULL CONSOLE

This 16 gauge steel full console provides over twice as much secure storage than the factory console. A special bracket is included for mounting a stereo, CB, or other electronic equipment inside the storage console with a hole for the CB Mic. Inside the storage area there is a handy 12 Volt marine grade power outlet and a removable utility tray. Tuffy's 1/4" thick patented Pry-Guard II latching system secures the lid shut while a gas strut supports the lid when open.

For convenience front and rear drink holders are included with anti-rattle drink fingers. The console is taller than the OEM model and features a much needed larger and more comfortable full length padded armrest.

The console is designed to work in vehicles equipped with and without rear power window switches. Each console includes brackets for both automatic and manual transmissions. A divider is also included to gain more storage if the electronics bracket is not used.

Part #157: Colors: Dark Slate - 08

Exterior Dimensions: 37"L x 10 3/4"W x 19 1/4"H (with padded armrest)

Interior Dimensions: 11"L (top), 7 1/2"L (bottom) x 7 1/2"W (top), 9 1/4"W (bottom) x 12 1/2"H

Electronics Compartment: Comes pre-cut for DIN Mount stereo 7 1/4" x 2 3/16". Max depth behind face plate is 7 7/8", Max clearance on top of face plate is 2 3/8". Equipment is mounted at 90°.

Power Outlet: 12V 15 Amp rated power outlet (cigarette lighter outlet type). Marine grade with protective cover.

Mounting: OEM factory console is removed and replaced by the Tuffy Console. The Tuffy console bolts to the existing holes without drilling. Additional hardware is provided for optional added security which requires drilling (2) holes.

Optional Accessories: 150 Stereo Dash Tray | 151 Stereo Dash Cover | 870 Auto on/off Light

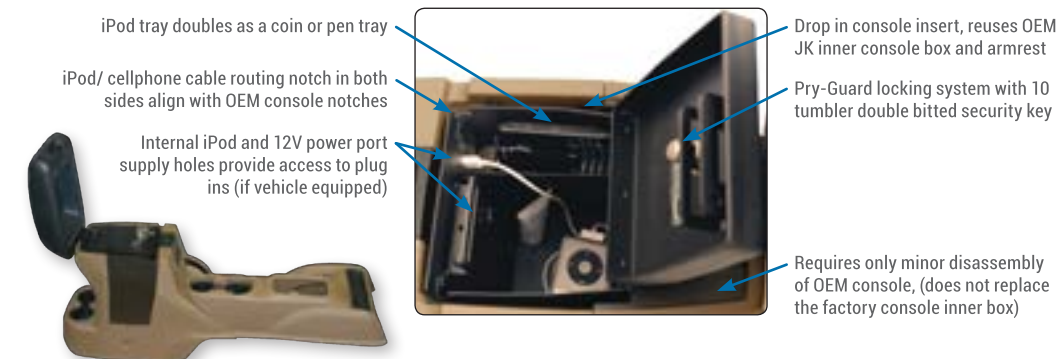

FITS:

Jeep Wrangler JK '07 - '10, 2 & 4-Door
(Replaces OEM factory full or mini console with or without power window switches and with automatic or manual transmission)

JK 2011+ SECURITY CONSOLE INSERT

This fully enclosed console insert provides security and convenience, while maintaining the refined curves of the factory center console. It turns the factory 2011 Jeep Wrangler JK center console into a heavy-duty lockable storage area to help protect valuables from thieves' hands.

Part #276: Colors: Black - 01 (Plastic factory console not included)

Exterior Dimensions: 9"L x 6"W x 10 1/8"H (with mounting flange)

Interior Dimensions: 5 3/4"L (top), 4 5/8"L (bottom) x 5 7/8"W x 10"H

Mounting: OEM Factory console inner box and lid are retained. Console insert is a drop-in installation into the factory console inner box. The Tuffy insert bolts to existing holes without drilling. Additional hardware is provided for optional added security which requires drilling two holes.

Optional Accessories: 870 Auto on/off Light | 862 12V Power Source

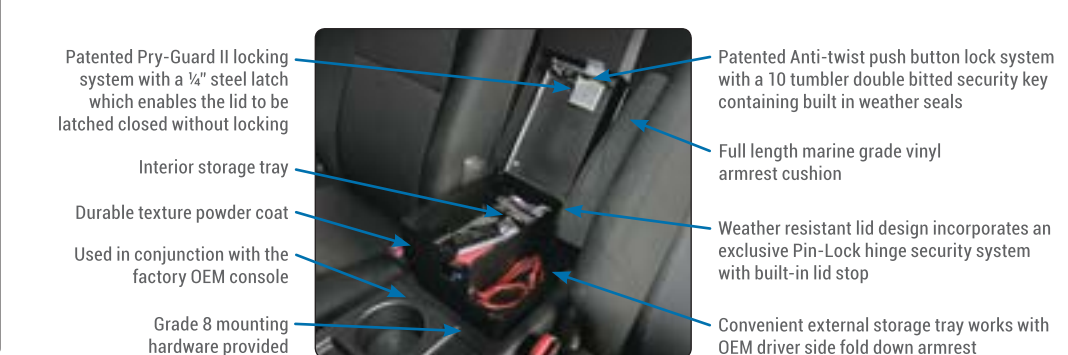

FITS:

Jeep Wrangler JK '11 - Current 2 & 4-Door
(Used with OEM factory console, not a full console replacement)

FJ CRUISER SECURITY CONSOLE INSERT

This fully enclosed console insert adds lockable storage and convenience to the insecure factory console. It provides a comfortable and durable armrest while keeping the original factory drink holder. The unique design allows the driver side fold-down armrest to still be used.

Part #144: Colors: Black - 01

Exterior Dimensions: 10 1/2"L x 8 5/8"W x 12 3/4"H (with padded cushion)

Interior Dimensions: 10 1/6"L (top), 5 1/2"L (bottom) x 5 3/4"W (top), 5 5/8"W (bottom) x 10 3/4"H

Mounting: No drilling required, mounts to the factory holes. Additional hardware is provided for optional security step which requires drilling. The OEM passenger side fold down armrest (if equipped) must be removed but is replaced by the Tuffy console armrest.

Optional Accessories: 870 Auto on/off Light | 862 12V Power Source | 863 Gas Strut

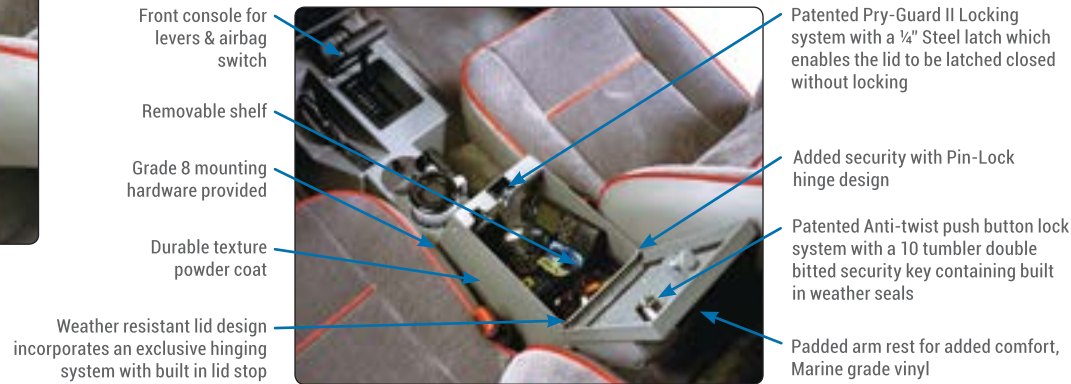

FITS:

Toyota FJ Cruiser '07 - Current
(Used with OEM factory console, not a full console replacement)

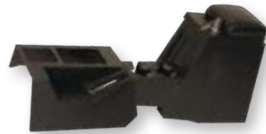

TJ SERIES II SECURITY FULL CONSOLE

This security console shares all the same features as the TJ Stereo Security Console except it incorporates two oversized drink holders in place of the separate stereo compartment. The front drink holders, padded armrest, and front console for levers are included in this model. The new sleek, custom fit design matches the TJ's refined interior and offers more interior storage.

- Front console for levers & airbag switch
- Removable shelf
- Grade 8 mounting hardware provided
- Durable texture powder coat
- Weather resistant lid design incorporates an exclusive hinging system with built in lid stop
- Patented Pry-Guard II Locking system with a 1/4" Steel latch which enables the lid to be latched closed without locking
- Added security with Pin-Lock hinge design
- Patented Anti-twist push button lock system with a 10 tumbler double bitted security key containing built in weather seals
- Padded arm rest for added comfort, Marine grade vinyl

Part #040: Colors: Black - 01, Charcoal Gray - 03, Light Tan - 05, Dark Slate - 08

Exterior Dimensions: 36"L x 13"W x 17"H, 3 1/2" Holes for drinks

Interior Dimensions: (Length is tapered) 11 1/2"L x 8"W x 14"H (some interior space is lost to parking brake)

Mounting: Mounts to factory holes, some drilling required. Airbag disable switch is reinstalled in front console on some years. In 2001 or newer TJs a rear drink holder Part #070 may have to be purchased to cover cutout in carpet.

If any suspension or body lift modification has been done to the vehicle which affected the height of the shift lever will have to be modified.

Optional Accessories: 150 Stereo Dash Tray | 151 Stereo Dash Cover | 080 Finger Pull Lever | 870 Auto on/off Light 862 12V Power Source | 863 Gas Strut | 070 Rear Drink Holder

TJ STEREO SECURITY FULL CONSOLE

This security console has a separate lockable compartment for mounting a stereo or other electronic equipment. The rear compartment provides additional lockable storage for more valuables. The new sleek fit design and retractable stereo compartment lid matches the TJ's refined interior and offers more interior storage.

- Front console for levers & airbag switch
- Stereo mounting compartment with stow-away lid design
- Removable shelf
- Grade 8 mounting hardware provided
- Durable texture powder coat
- Weather resistant lid design incorporates an exclusive hinging system with built in lid stop
- Patented Pry-Guard II Locking system with a 1/4" Steel latch which enables the lid to be latched closed without locking
- Added security with Pin-Lock hinge design
- Patented Anti-twist push button lock system with a 10 tumbler double bitted security key containing built in weather seals
- Padded arm rest for added comfort, Marine grade vinyl
- Rear oversized drink holders

Part #041: Colors: Black - 01

Exterior Dimensions: 41 1/2"L x 13"W x 17"H, 3 1/2" Holes for drinks

Rear Compartment Interior Dimensions: (Length is tapered) 11 1/2"L x 8"W x 14"H (Some interior space is lost to parking brake)

Stereo Compartment: Comes pre-cut for DIN Mount stereo 7 1/4"L x 2 3/16"W x 7"D, 90° Angle (Stereo not included)

Mounting: Mounts to factory holes, some drilling required. Airbag disable switch is reinstalled in front console on some years. Stereo not included. *If any suspension or body lift modification has been done to the vehicle which affected the height of the shift lever, the lever will have to be modified.*

JK SECURITY GLOVE BOX

This 16 gauge steel, high security glove box is an ideal replacement for the plastic factory glove box. The glove box can be used to secure a number of smaller items. Tuffy's Patented latch system allows the glove box to be latched shut without having to be locked and unlocked each time it is accessed.

KEEP YOUR STUFF

We heard that the Tuffy glove box was a lot smaller than the factory one was. When we put them side by side, we saw that wasn't true. Even though the Tuffy latch takes up more space, we were able to fit all the stuff that stuffed the factory glove box into the Tuffy unit with no problems.

TUFFY 2011+ JK DELUXE SECURITY DECK ENCLOSURE

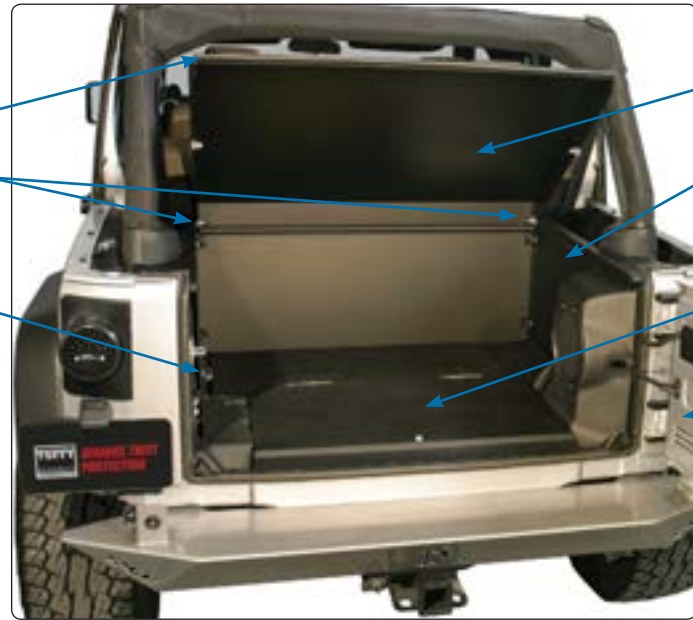

LID ROTATES OPEN FOR EASY ACCESS

This deluxe security deck enclosure creates a large and lockable storage area. It works in conjunction with the vehicle rear door and lock. The lid easily hinges open and is secured shut using Tuffy's patented security system. In comparison with our #299 JK deck enclosure, the lid, vertical front panel and complete side panels can be easily removed without tools so larger items can be transported when required. The unique lid design is not attached to the front panel and is constructed from weight bearing structural welded steel.

The entire Tuffy deck enclosure is constructed using welded 16 gauge steel, heavy duty fasteners, and finished with a durable textured powder coating. The steel Tuffy side panel does not rely on the deck sidewall (wheel well) to create an enclosed space adding an additional level of security.

The patented design quickly and easily installs to the vehicle floor with standard hand tools in both 2 and 4 door models with and without an OEM hardtop. 2-door rear seat can still be used with the mounting system installed but it must be stowed, folded and tumbled when the entire deck enclosure is installed.

It functions with the OEM compartment cover, OEM Subwoofer and/or the Tuffy Cubby Cover Part#143. The vehicle power lock switches on the tailgate become disabled after approximately 16 seconds when locking the doors with the key fob so the enclosure remains secured. Any items stowed on top of the deck enclosure must be securely fastened to the vehicle.

Includes built in weather seals.

Welded steel lid easily hinges open for access when the rear vehicle door is opened using Tuffy's patented security system.

Lid, vertical front panel and side panels are mounted to the vehicle floor and can be easily removed without tools.

Mounts to the vehicle floor in 2 and 4 door vehicles with an OEM hard or soft top.

Over 20,000 cubic inches of lockable storage space.

The steel Tuffy side panel does not rely on the deck sidewall (wheel well) to create an enclosed space adding an additional level of security.

Works with the OEM storage cover, OEM subwoofer and/or Tuffy Cubby Cover Part #143.

The large storage area is secured shut when the rear vehicle door is locked.

Includes all mounting hardware needed and does not require drilling.

US Patent No. 8256819, 8517445, 9039062, 9079625, Other Patents Pending.

Part #: 326

Color: Black - 01

Exterior Dimensions Overall: 31 3/8" L x 51" W x 17 1/2" H

Interior Dimensions: 31 1/4" L x 39 3/4" W x 17 1/8" H

Mounting: No drilling required. Mounting brackets are fastened to existing OEM mounting points in the vehicle floor. The side panels are fastened to the mounting brackets and joined by the front panel with quick hand operated knob screws. The top then inserts into the side panels and can be rotated open when the tailgate is open. The top, front and sides can be easily removed without tools.

Optional Accessories: 864-01-326 Diamond Vinyl Mat | 158 Tie Down Rails | 159 Gear Anchors

FITS:

Jeep Wrangler JK 2011 - Current, 2 & 4-Door models (with or without OEM hard or soft top).

On 2-Door models, the rear seat must be removed when the deck enclosure is installed.

The JK Deluxe Security Deck Enclosure functions with the OEM compartment cover, OEM Subwoofer and/or the Tuffy Cubby Cover Part# 143. (Does not fit 2007-2010 Wranglers - see Part# 173-Security Deck Enclosure)

TUFFY JK '07-'10 SECURITY DECK ENCLOSURE

LID ROTATES OPEN FOR EASY ACCESS

This security deck enclosure features a unique lid design is constructed from structural welded steel which incorporates a large weight bearing tray for organizing and transporting items on top. There are also two large trays on each side above the wheel well for addition storage and organization. US Patent No. 8,256,819 and 8,517,445.

Large storage area is secured shut when the rear vehicle door is locked

Hinged lid opens smoothly for easy access to cargo when the rear vehicle door is opened

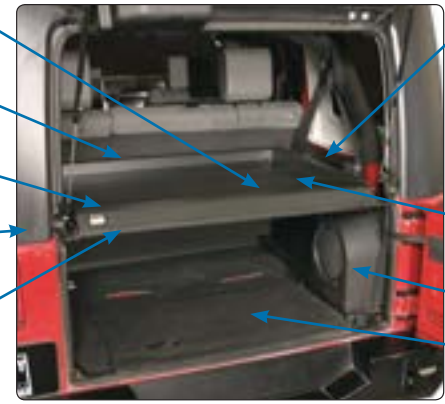

Lid and front can be easily removed without tools

Weight bearing lid incorporates a unique storage tray

Mounts in vehicles with an OEM hard or soft top

Includes weather seals and all trays have built in external moisture drain holes

Includes all mounting hardware required and does not require drilling

Two side organization trays included on top of the wheel wells

Optional diamond plate rubber mat available sold separately. Part #864-01-173

Mounts in vehicles with or without the OEM sub woofer

Works with the OEM storage cover or Tuffy Cubby Cover part #143

Part #173: Color: Black - 01

Exterior Dimensions Overall: 35 5/16" L x 52 5/16" W x 17 5/16" H

Interior Dimensions: 33 3/4" L (bottom) x 41 1/2" W x 15 1/2" H

Top Lid Tray Dimensions: 25 1/16" L x 37 3/8" W x 1 15/16" H

Side Tray Dimensions Inside: 15" L x 5 3/16" W x 2 5/16" H

Mounting: No drilling required. Side panels are fastened to existing mounting points in the vehicle. The front is fastened to the sides with quick hand operated knob screws. The top then inserts into catches in the sides. Top & front can be easily removed

Optional Accessories: 864-01-173 Diamond Vinyl Mat | 158 Tie Down Rails | 159 Gear Anchors

TUFFY TJ, LJ & YJ SECURITY DECK ENCLOSURE

This security deck enclosure creates a large and lockable storage area completely protected on all sides. It works in conjunction with the vehicle rear door and lock. The lid easily hinges open and is secured shut using an innovative latching system. The lid and front can be easily removed without tools so larger items can be transported when required. The unique lid design is constructed from structural welded steel which incorporates a large weight bearing tray for organizing and transporting items on top. There are also two large trays on each side above the wheel well for addition storage and organization.

The entire Tuffy deck enclosure is constructed using welded 16 gauge steel, heavy duty fasteners, and finished with a durable powder coating.

All trays have external drain holes to prevent puddling moisture. Mounts easily without drilling in TJs and LJs. Mounts easily in YJs to factory holes with optional drilling. Works with an OEM hard or soft top. Optional Rubber mat part# 864 is not included but can be ordered separately. US Patent No. 8,256,819 and 8,517,445.

TUFFY JK UNLIMITED TAILGATE ENCLOSURE

WORKS IN THE 4-DOOR MODEL WITH THE REAR SEAT & THE 2-DOOR MODEL WITH THE REAR SEAT REMOVED

This all steel cargo enclosure is our simplest four-piece design yet that creates a lockable storage area completely protected on all sides. **In comparison with our #275 JK deck enclosure**, the top is fixed and outfitted with tie-down anchors. It does not rotate open but instead can be removed for storage of taller items.

It works in conjunction with the lockable vehicle tailgate to secure the area created. The enclosure maintains the use and function of the rear seat in 4-door models and will work in 2-door models with the rear seat removed providing Tuffy's largest secure cargo area available for the 2-door JK.

This jumbo sized enclosure quickly installs in both the 4 & 2-door Jeep JK models with an OEM hardtop or softtop. It will work in vehicles equipped with or without the subwoofer and functions with the OEM storage cover or the Tuffy Cubby Cover, part #143. The lid removes without the use of hand tools to allow for storage of large or tall items. Patent Pending.

On vehicles with power door locks, arming the security alarm disables the power door lock switches and ensures the tailgate and Tuffy enclosure are secure, even on softtop models or with the top removed.

Simple 4-piece design with integrated mounting hardware does not require drilling on 4-door model.

Instantly creates a secure storage area and has 1,368 in² of loadable deck space on top

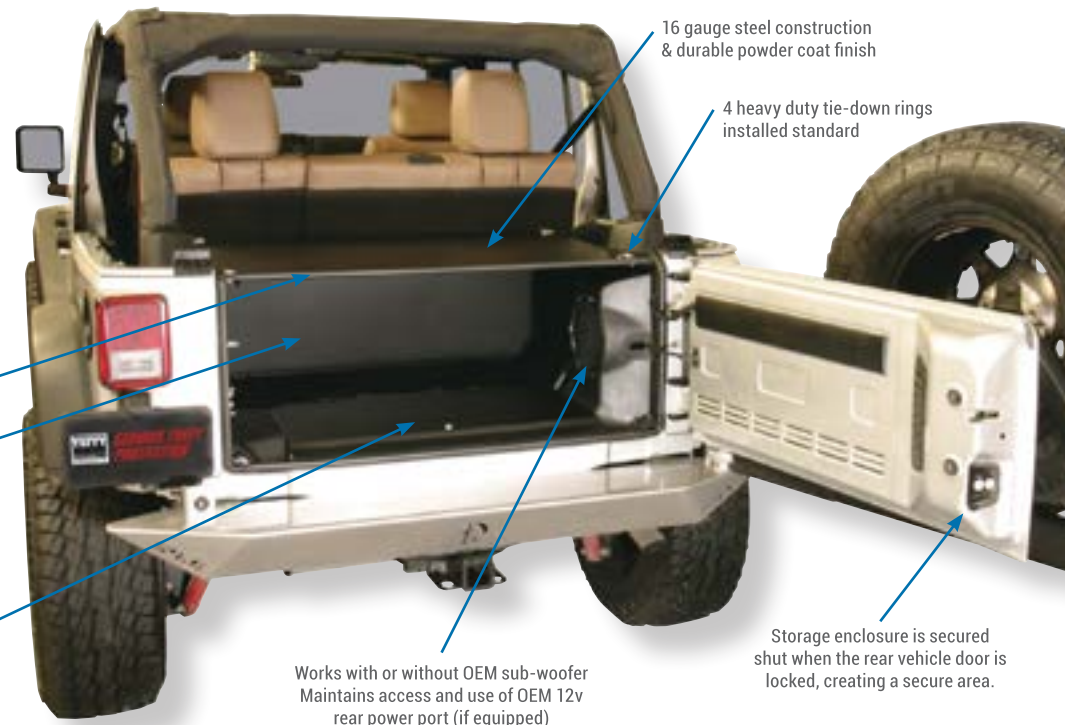

Lid is weight bearing and provides storage on top
Includes perimeter weather seal

Provides over 22,000 cubic inches of lockable storage space (non-sub-woofer)

Mounts in 4 door vehicles & 2-door (without rear seat) with OEM hard or soft top

Lid can be removed without tools for transporting taller items

Functions with the OEM storage cover or the Tuffy Cubby Cover part #143

16 gauge steel construction & durable powder coat finish

4 heavy duty tie-down rings installed standard

Works with or without OEM sub-woofer
Maintains access and use of OEM 12v rear power port (if equipped)

Storage enclosure is secured shut when the rear vehicle door is locked, creating a secure area.

Part #299: Colors: Black - 01
Exterior Dimensions Overall: 34 3/8" L x 48 7/8" W x 16 1/2" H
Interior Dimensions (without sub-woofer): 32" L x 43" W x 15 1/2" H
Mounting: No Drilling required in 4-door model, front panel fastens to the existing vehicle mounting points.
Optional Accessories: 864-01-173 Diamond Vinyl Mat

FITS: Jeep Wrangler JK 2011-Current 4-door models with or without OEM sub-woofer and OEM hard or soft top.
Jeep Wrangler JK 2011-Current 2-door models with rear seat removed with or without OEM sub-woofer and OEM hard or soft top.
(May not fit with aftermarket rear window soft top bars)

Part #310: Colors: Black - 01
Exterior Dimensions Overall: 34 3/8" L x 48 7/8" W x 16 1/2" H
Interior Dimensions (without sub-woofer): 32" L x 43" W x 15 1/2" H
Mounting: No Drilling required in 4-door model, front panel fastens to the existing vehicle mounting points.
Optional Accessories: 864-01-173 Diamond Vinyl Mat

FITS: Jeep Wrangler JK 2007-2010 4-door models with or without OEM sub-woofer and OEM hard or soft top.

TUFFY WRANGLER HOOD LOCKS

The only reasonably priced hood lock on the market that actually works! This hood lock is a simple one-piece design that secures the hood and deters thieves from walking away with valuable under hood parts such as batteries, intakes, superchargers, etc. It installs easily with included hardware and does not require drilling. When locked it guards the hood from being raised and protects the hood latch from being pried open. Keep your costly under hood investments safe with the Tuffy Hood Lock.

TUFFY WRANGLER DOOR LOCKERS

Wrangler JK

Wrangler YJ & CJ

Wrangler TJ & LJ

These external door lockers provide theft protection for otherwise vulnerable Jeep hard doors. The door lockers function to prevent the expensive doors from being lifted off and resold for big bucks.

The high security 10 tumbler locks allow the owner to unlock and remove the door locker assembly and then remove the hard doors.

Constructed using heavy duty machined and welded steel and finished with an attractive powder coat finish. All mounting hardware is included.

Features:

These are easy to install and use.

- Replaces vulnerable OEM fastener
- Innovative design only allows door to be removed when door locker is unfastened
- All mounting hardware included and installs in minutes!
- Constructed using heavy duty welded steel
- Durable texture powder coat finish
- High security 10 tumbler double bitted security lock

Wrangler JK

Part #164: 4-Door JK model Colors: Black - 01
(includes 4 door locker assemblies and 2 keys)

Part #165: 2-Door JK model Colors: Black - 01
(includes 2 door locker assemblies and 2 keys)

Mounting: No drilling required. Remove the OEM door hardware and fasten the Tuffy inside assembly to the door hinge then insert exterior assembly and lock to prevent access

Wrangler YJ & CJ

Part #037: Colors: Black - 01
(only works with OEM factory full or half hard doors)

Mounting: Mounts through top body hinge, no drilling required.

HEAVY DUTY TRUCK BED SECURITY DRAWERS

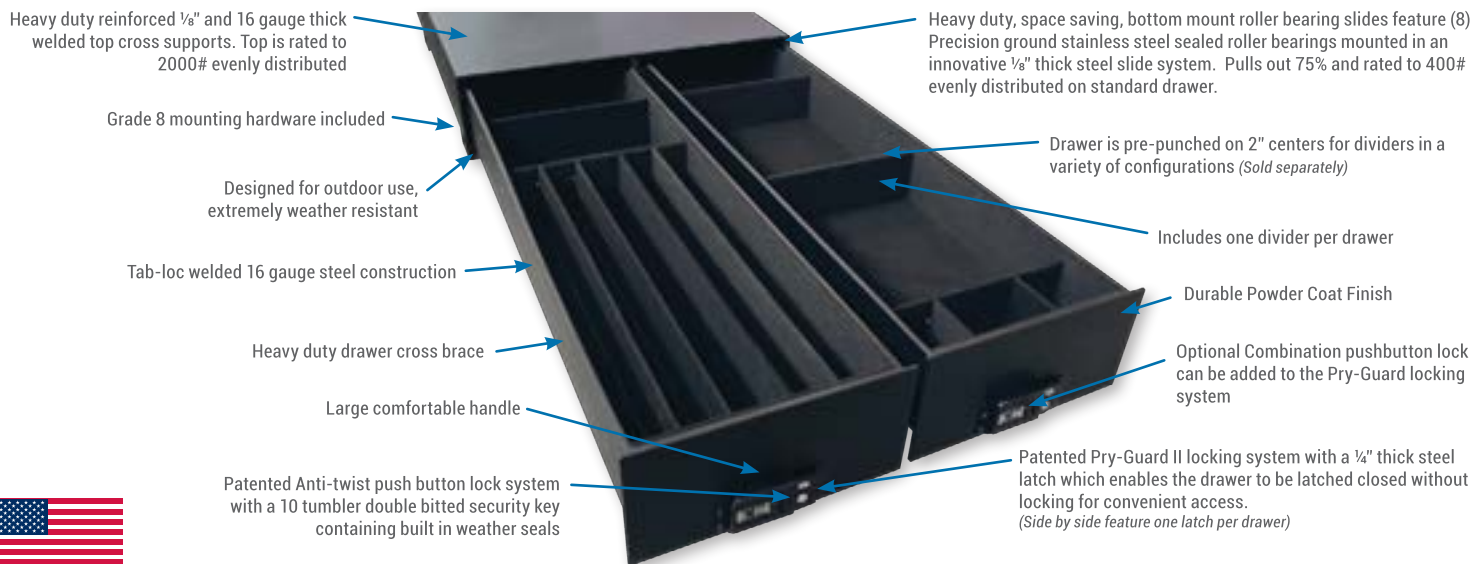

Tuffy Security Product's Heavy Duty Gear Drawers are perfect for anyone wanting organization and heavy duty security. These drawers are specifically designed for outdoor use and are completely encased, producing an extremely weather resistant design.

The large drawers open smoothly on Tuffy's exclusive slide system incorporating (8) heavy duty precision stainless steel roller bearings. In addition, Tuffy's Heavy Duty Gear drawers are rated to 2000 lbs. on top.

They can be securely locked with Tuffy's patented locking system to provide protection for outdoor equipment and other valuables. Each drawer features Tuffy's patented Pry-Guard II locking system which incorporates a 1/4" thick steel security latch.

Unlike other cabinet type drawers on the market that use retrofitted cabinet or house locks, the Tuffy drawer incorporates a patented pushbutton latching mechanism similar to typical OEM automotive door latches. This type of latching system secures the drawer shut while operating the vehicle without the need to lock and unlock the drawer every time access is needed. When higher security is required, the drawer can be locked as well.

All of Tuffy's drawers and other locking vehicle accessories can be keyed alike with a highly secure 10 Tumbler double bitted key.

Heavy duty reinforced 1/8" and 16 gauge thick welded top cross supports. Top is rated to 2000# evenly distributed

Grade 8 mounting hardware included

Designed for outdoor use, extremely weather resistant

Tab-loc welded 16 gauge steel construction

Heavy duty drawer cross brace

Large comfortable handle

Patented Anti-twist push button lock system with a 10 tumbler double bitted security key containing built in weather seals

Heavy duty, space saving, bottom mount roller bearing slides feature (8) Precision ground stainless steel sealed roller bearings mounted in an innovative 1/8" thick steel slide system. Pulls out 75% and rated to 400# evenly distributed on standard drawer.

Drawer is pre-punched on 2" centers for dividers in a variety of configurations (Sold separately)

Includes one divider per drawer

Durable Powder Coat Finish

Optional Combination pushbutton lock can be added to the Pry-Guard locking system

Patented Pry-Guard II locking system with a 1/4" thick steel latch which enables the drawer to be latched closed without locking for convenient access. (Side by side feature one latch per drawer)

TUFFY TACTICAL SECURITY LOCKBOX

3 SIZES TO CHOOSE FROM: SLIM-LINE - #301; STANDARD - #253 & LARGE SIZE - #278.

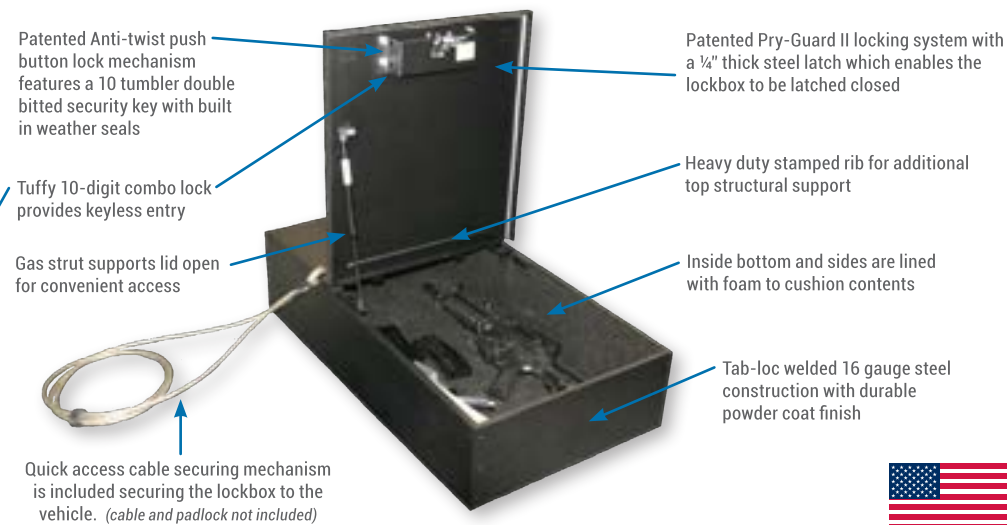

Custom sizes and hinge orientations available. Minimum order quantity required on custom configurations. Call 800.348.8339 for more information.

Portable, convenient & secure. Tuffy's Tactical Security Lockboxes fit in any vehicle or location with sufficient space. The universal design originally created for law enforcement tactical personnel is now available for fleets, the avid sportsmen and anyone looking for solid portable security for firearms and other valuables.

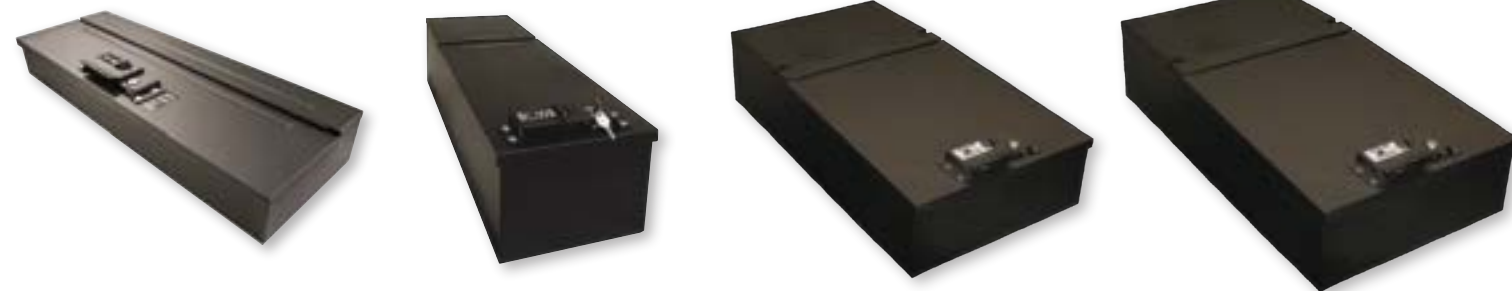

Tuffy Security Product's Tactical Security Lock-Box is state of the art in secure gear storage and organization. They are designed to be secured to the vehicle by a cable which is also secured to the Tuffy lock-box with an innovative cable-lock system (*Patent rights reserved*). The unique cable locking system does not require a separate padlock and can be released in seconds to transfer the lock-box between vehicles. There are secure cable anchor points located on both sides of the lock-box so they will fit on either side of a trunk.

These highly functional and highly secure units are precision crafted from welded 16-gauge steel in the USA. The large lid opens to access a large storage space designed to accommodate an 870 shotgun, M-4 rifle and officer body armor completely outfitted.

They can be securely locked with Tuffy's exclusive locking system to provide protection for tactical equipment and other valuables. Each drawer features Tuffy's patented Pry-Guard II locking system which incorporates a 1/4" thick steel security latch. Unlike other cabinet type lock-boxes on the market that use retrofitted cabinet or house locks, the Tuffy drawer incorporates a patented pushbutton latching mechanism similar to typical OEM automotive door latches. A gas strut supports the lid open for easy access to the contents. The inside bottom and sides are lined with carpet to cushion items placed inside. Tuffy's lock-boxes can be keyed alike with a highly secure 10 Tumbler double bit key.

Patented Anti-twist push button lock mechanism features a 10 tumbler double bit security key.

Also, check to make sure the lid will clear when opened.

TABLET SAFE

Weighing less than 7 lbs., this lockable welded steel storage box is designed to secure a tablet or firearm and protect valuables while carrying by hand between locations, during travel, inside a vehicle, home or office.

Convenient pre-drilled holes allow for easy mounting to solid surfaces including airline cockpits, fleet & service vehicles, home or office environments. Access ports are built in to accommodate power and data transfer cables.

Exclusive hinge stop design prevents lid from dropping open when mounted to a solid surface and can be quickly removed to open the lid fully when on the go.

Keyless entry is provided by Tuffy's 3 digit combination lock with a two-point steel cam for added security.

The included 2 ft. long, 2000 pound test, steel security cable secures the safe to any sturdy mounting surface by attaching to the 1/8" steel security cable anchor point.

The inside is lined with low-density foam to protect the contents, while compression bumpers keep the lid vibration-free when closed.

Part #318 Color: Black - 01

Exterior Dimensions Overall: 14 1/8" L x 10 5/8" W x 1 3/4" H (2.5" H including combo lock above exterior lid surface)

Interior Storage Dimensions: 13" L x 8" W x 1" H.

Foam Installed In Storage Area (Low-Density): Lid: 3/4" Thick, Sides and Bottom: 3/8" Thick.

Lightweight: Weighs Less Than 7 Lbs. (empty without cable)

Mounting: Secures to any structural mounting area with a circumference less than 2 Ft or to any flat surface using pre-drilled holes for vehicle, airplane cabin or wall mount (using customer provided hardware).

FITS:

Designed to accommodate most 10" tablets; Ipad Air, Galaxy Tab S 10.5, Google Nexus 9, and larger devices like the Microsoft Surface, and 11" Macbook Air. Any vehicle with sufficient space or structural mounting surface inside a home, shop or office.

TUFFY PORTABLE SAFE

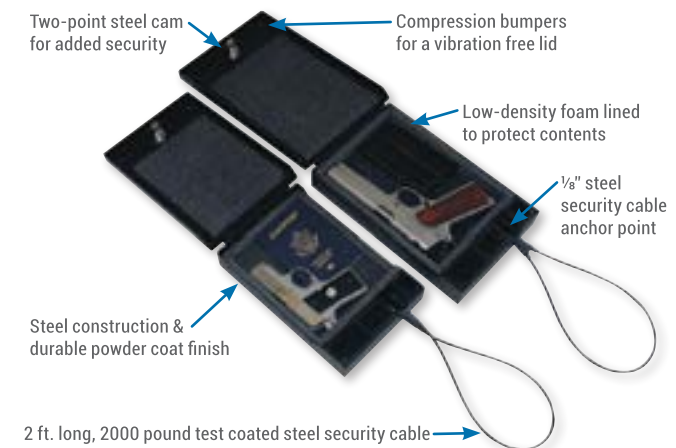

2 SIZES TO CHOOSE FROM: STANDARD - #300 & LARGE - #303

Tuffy 3-digit combo lock provides keyless entry

This lightweight, portable and lockable welded steel storage box can be used to secure a firearm and protect valuables while carrying it by hand between locations, during travel, inside a vehicle, home or office.

Keyless entry is provided by Tuffy's 3 digit combination lock with a two-point steel cam for added security. The included 2 ft. long, 2000 pound test, steel security cable secures the safe to any sturdy mounting surface by attaching to the 1/8" steel security cable anchor point. LAPTOP COMPUTER SECURITY LOCK BOX

In 2008, the number of reported laptop thefts rose 48% over 2007. The Tuffy Laptop lock box is designed to provide a secure and protected place to lock up portable computers. The foam lining protects the contents from jarring and shifting during transport. Tuffy's exclusive Pry-Guard locking system provides the high security required to protect expensive computer equipment.

For maximum flexibility and ease of installation the lock box can be secured to the vehicle by utilizing the unique padlock mounting point to secure it to the vehicle using a standard cable. (Padlock & cable not included) The lid is still locked with the cam lock on top not the padlock.

Part #182: Colors: Black - 01

Exterior Dimensions: 5¼"L x 18 5⁄₁₆"W x 14¼"H

Interior Dimensions: 2 3⁄₁₆"L x 15 3⁄₄"W x 11½"H

Mounting: No drilling required if padlock and cable are used. Standard hardware mounting requires drilling holes and securing with the fasteners provided

OPTIONAL ACCESSORIES: 090 Finger Pull Lever | 091 Lock Dust Cover | 089 Combination Lock | 879 Looped End Security Cable

FITS:

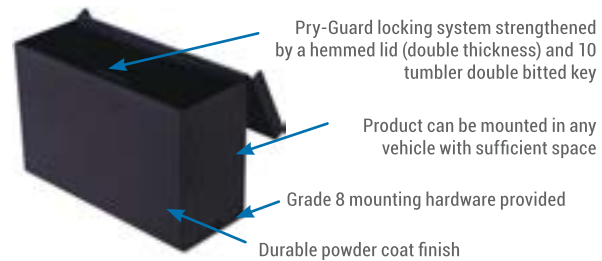

Product can be mounted to any vehicle with sufficient space. Fits most standard size laptops and these special heavy duty laptops: Toshiba - Satellite A355D, L350-ST3720
Dell - Fully Rugged
Toughbook PDRC 19, 30, F8
Check laptop size before ordering.

STEREO DASH CUTOUT TRAY

After pulling the stereo out to reinstall it in a secure Tuffy console, cover the leftover hole in the dash with a functional organization tray. Powder coated steel construction, no drilling, just push the tray in and bend the retaining tabs to fasten it in the dash.

Part #150-01

Dash Cutout Size: Standard DIN, 7 1/4" x 2 1/8" (+/- 1/16")
Outside front lip 7 3/8"W x 2 5/16"H

Interior Dimensions: 6 3/4" W x 2"D (1 1/2" behind lip) x 1 3/4"H (with lip in front, opening size is 1 1/2"H)

STEREO DASH CUTOUT COVER

Cover the empty hole left in the dash after a stereo is removed with this cover. The plate can additionally be drilled for mounting switching (lights, lockers, air, etc.). Powder coated steel face plate and back tension plate. No drilling, just insert and tighten with the supplied fasteners.

Part #151-01

Dash Cutout Size: Standard DIN, 7 1/4" x 2 1/8" (+/- 1/16")
Interior Dimensions: 7 5/16"W x 2 5/16"H

AWARDS TUFFY HAS RECEIVED

FOUR WHEELER MAGAZINE - 1996 READER ALL STAR POLL

All Star Manufacturers: Tuffy Security Products

Typical comment: "Very easy to deal with, and a very good product" Los Alamos, NM

All Star Parts: Tuffy's stereo security console.

1992 ENTREPRENEUR OF THE YEAR AWARD RECIPIENT

Awarded to Tuffy Security Products - Sponsored by Inc. Magazine, Merrill Lynch and Ernst & Young.

2011 HUBZONE CONTRACTOR OF THE YEAR

WHAT DO TOP MAGAZINES SAY ABOUT TUFFY?

Four Wheeler

"...some steel can really help, Tuffy Security Products makes a very secure box that suited our need perfectly" and "reported to provide significant deterrence to even the most determined thief."

4 Wheel Drive & Sport Utility

During the building of Project Too Long "...first up was a weather proof console from Tuffy Security Products. Not only is the roomy Tuffy console sealed against dust and moisture, it also offers protection from the two-legged, ten-fingered opportunists who prey on unlockable Jeep interiors." and "Tuffy's products not only secure your articles, they dress up the interior of any 4x4."

Petersen's 4 Wheel & Off-Road

"Tuff Stuff" and "Really Tuff."

JP

"High Security" and "Lock it good."

Off Road

"Serious theft protection, highest quality boxes available."

Sport Truck

"Get more security for your Jeep or truck with a Convenience Console from Tuffy Security Products."

Truck 'N' Trail

"The high security consoles produced by Tuffy Security Products make it Tuff for thieves."

Hunting

"High Security Storage Lockers" says it all.

A FEW COMMENTS FROM TUFFY CUSTOMERS

I can proudly say, "The engineers at Tuffy have not only designed a glove box which is Baltimore Street Thug proof; the box is also lazy owner proof."

Baltimore, MD

I am impressed by the quality, professionalism and efficiency of the customer service that you provided. I am grateful and appreciative to you for your commitment to putting the customer first and treating the customer how you would want to be treated. Your response is a testament of how all businesses should respond to their customers; and you, Tuffy Security Products, should be proud of your work ethic and dedication. I will highly recommend Tuffy Security Products to others and I will continue to use your products.

Connecticut State Police, Hartford, CT

"After I mounted my Tuffy console, my Jeep was broken into. The thieves took everything but what was safely locked in my Tuffy console. Good thing I had it, Tuffy saved me a lot of money."

Littleton, CO

"It leaves me feeling secure about leaving my Jeep unattended knowing my stereo equipment it safe and secure. This console is definitely top quality. Also a very attractive addition to my custom interior."

Brigantine, NJ

"..It works super and is really valuable to me. Before I had the console, I had two stereos stolen in a two month span. I really must compliment your console."

Virginia Beach, VA

"Installation was a breeze, and the quality is second to none! The finish and appearance is great, it looks like Detroit made it that way! It's very encouraging in these tough economic times to get so much value and quality for your money. Thank you for a terrific product!"

Hornell, NY
